SOFTWARE DEVELOPER

Experienced .NET Framework Developer with expertise in building and optimizing web applications using ASP.NET MVC, SQL Server, and Dapper. Proficient in developing service-oriented architectures and implementing AJAX-based functionalities with jQuery. Strong understanding of system design and database management.

TECHNICAL SKILLS

Programming Languages: C#, JavaScript, Python **Problem-Solving:** Debugging, Performance
Computer Science Concepts: Data Structures, Algorithms **Optimization,** Algorithm Design
Software Development: .NET Framework, ASP.NET MVC, RESTful APIs, Microservices **Database Management:** SQL Server, MySQL, Dapper, Entity Framework
Operating Systems: Windows

WORK EXPERIENCE

Kassapos Software Solutions Private Limited, Chennai

Sep 2024 – Present

Software Developer

- Develop and optimize enterprise applications using ASP.NET MVC, SQL Server, and Dapper.
- Design and implement service-oriented architectures (SOA) to improve system modularity and scalability.
- Write efficient database queries to enhance performance and ensure data integrity.
- Implement AJAX-based functionalities with jQuery to improve user interactivity and responsiveness.
- Collaborate with cross-functional teams to deliver high-quality software solutions.

PROJECTS

CRM Software Development for Logistics company

Oct 2024 – Feb 2025

Technologies: .NET, Microsoft SQL Server, SAP Crystal Reports

- Developing a CRM software solution to streamline customer management and operational workflows.
- Implementing service-oriented architecture (SOA) for better modularity and maintainability.
- Designing and optimizing database queries to enhance performance and data integrity.
- Implementing quotation, shipping, import, appointment, booking confirmation, and export forms to automate logistics operations.
- Integrated CRM with accounting software to improve financial tracking and operational flexibility.

Attendance Management System for Music Academy

Jan 2025 - March 2025

Technologies: .NET, Microsoft SQL Server, SAP Crystal Reports

- Developed a comprehensive attendance tracking system for both employees and students at a music academy.
- Implemented clock-in and clock-out functionality to monitor work hours and student attendance.
- Designed and integrated leave management features, including vacation and sick leave tracking for staff.
- Developed teacher and department management modules to streamline administrative workflows.
- Generated customized attendance and financial reports using SAP Crystal Reports.
- Optimized SQL Server database queries for improved performance and data retrieval.

EDUCATION

Anna University Regional Campus, Tirunelveli

Aug 2019 – May 2023

Bachelor of Engineering (B.E.) – Computer Science and Engineering

GPA: 7.93

CERTIFICATES

C-JAT II (Japanese Language Proficiency) **Dec 2024**

Hayakawa Japanese School

SOFT SKILLS:

Communication, Time Management, Critical Thinking, Adaptability, Teamwork and Collaboration

LANGUAGES

- Tamil** – Fluent
- English** – Conversational
- Japanese** – Basic
